Distribution Control

Printed copies of this document should be considered out of date. The most up to date version is available from the Trust Intranet.

Consultation

The following were consulted during the development of this document: Chief of Imaging Lead Chest Radiologist Deputy General Radiography Leads Deputy IT manager (Radiology) ED Consultant and Matron Respiratory Consultant team Deputy Chief Operating Officer Associate Medical Director, Primary Care Liaison & System Integration Clinical Director

Monitoring and Review of Procedural Document

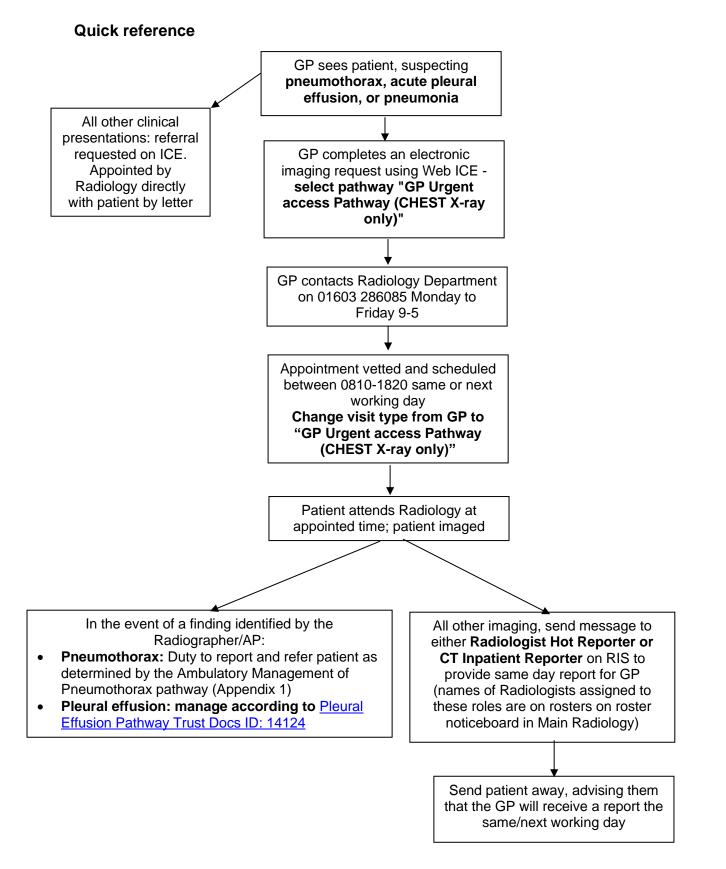

The document owner is responsible for monitoring and reviewing the effectiveness of this Procedural Document. This review is continuous however as a minimum will be achieved at the point this procedural document requires a review e.g., changes in legislation, findings from incidents or document expiry.

Relationship of this document to other procedural documents

This document is a standard operating procedure applicable to NNUH; please refer to local Trust's procedural documents for further guidance, as noted in Section 5.

| | Introduction |

1. Introduction

1.1. Rationale

Provision of a fast-track pathway for GP-referred CXR to Radiology is essential to ensure quick imaging and diagnosis of patients with acute presentations such as suspected pneumothorax and suspected acute pleural effusion, in order to avoid admissions to ED and the Trust.

1.2. Objective

To provide a fast-track pathway for same working day CXR imaging for acute presentations at Norfolk and Norwich. This SOP excludes Cromer Hospital.

1.3. Scope

GP-referred examinations for CXR, with the following clinical suspicions:

- Suspected pneumothorax
- Suspected acute pleural effusion
- Suspected pneumonia

1.4. Glossary

The following terms and abbreviations have been used within this document:

| Term | Definition |
|------|----------------------|
| ED | Emergency Department |
| CXR | Chest X-ray |

2. Responsibilities

General Practitioners – refer patients for CXR, ensuring adequate and appropriate clinical information is included to enable the Radiographer to justify the request in line with the scope of this protocol and general IR(ME)R principles. Call Radiology to book same/next working day appointment.

Deputy Lead Radiographers and Radiographer Coordinators – take calls from patients and allocate same calendar day/next calendar day appointments.

Radiographers – image patients, send RIS message for reporting to the Hot Reporter Radiologist, CT IP reporting Consultant or CXR Reporting Radiographer. Refer any patients requiring immediate onward management in accordance with the Quick Reference section.

3. Processes to be followed

Processes should be followed as pr the Quick Reference section.

4. Related Documents

None.

5. Monitoring Compliance

Compliance with the process will be monitored through the following:

| Key elements | Process for Monitoring | By Whom (Individual / group /committee) | Responsible Governance Committee /dept | Frequency of monitoring |
|---|--------------------------------|--|---|-------------------------------|
| Audit of request to acquisition time, and request to report time | Monthly audits via Power Bl | General Radiography Lead | Radiology Clinical Governance | Monthly |
| | | | | |
| | | | | |
| | | | | |
| | | | | |

The audit results are to be discussed at Radiology governance meetings to review the results and recommendations for further action.

6. Appendices

Appendix 1: Ambulatory Management of pneumothorax.

7. Equality Impact Assessment (EIA)

Complete the assessment inserted below

| Type policy | of | function | or | New |
|---------------------------|----|----------|----|-----|
| P • · · • J | | | | |

| Division | DCSS | Department | Radiology |
|-----------------------------------|------------------|------------|------------|
| Name of person completing form | Emma Key-Yeomans | Date | 06.12.2022 |

| Equality Area | Potential Negative Impact | Impact Positive Impact | Which groups are affected | Full Impact Assessment Required YES/NO |
|---|---------------------------------|------------------------------|---------------------------------|---|
| Race | | | | No |
| Pregnancy & Maternity | | | | No |
| Disability | | | | No |
| Religion and beliefs | | | | No |
| Sex | | | | No |
| Gender reassignment | | | | No |
| Sexual Orientation | | | | No |
| Age | | | | No |
| Marriage & Civil Partnership | | | | No |
| EDS2 – How does this chan the Equality and Diversity Stra (contact HR or see EDS2 plan) | | | | |

- A full assessment will only be required if: The impact is potentially discriminatory under the general equality duty
- Any groups of patients/staff/visitors or communities could be potentially disadvantaged by the policy or function/service
- The policy or function/service is assessed to be of high significance

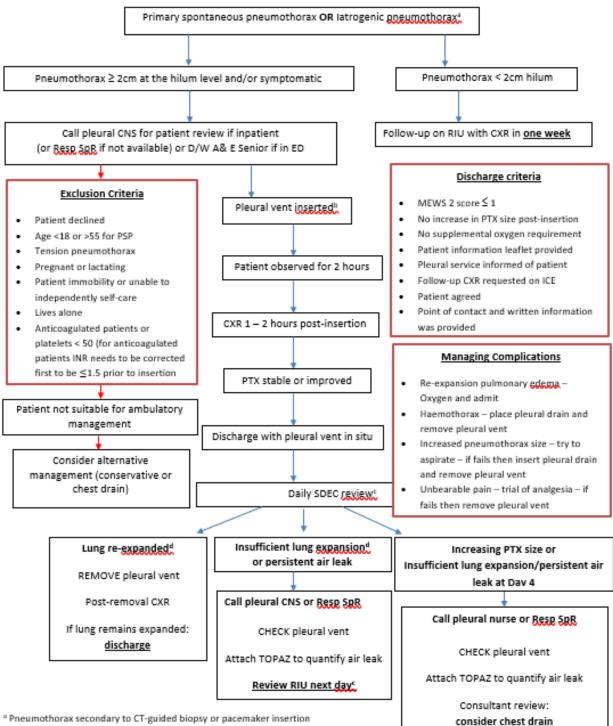

IF IN DOUBT A FULL IMPACT ASSESSMENT FORM IS REQUIRED

The review of the existing policy re-affirms the rights of all groups and clarifies the individual, managerial and organisational responsibilities in line with statutory and best practice guidance.
